

Hello Cordant Wine Club and Wine List Members,

DeAnn and I have reached a bittersweet but exciting milestone. After a wonderful journey within the Paso Robles wine community that began with our first vintage in 2014, we have decided to embrace retirement.

While we are looking forward to this next phase, we aren't saying goodbye just yet. We still have several vintages of exceptional wine to share with you, and frankly, we believe this next year will offer the best value we have ever provided to our loyal customers. Keep reading and we'll answer the questions that arise from our announcement.

Most importantly, we want to thank all of you for being customers of ours through the years. It is your support that has made Cordant Winery into the success that it is today.

The Final Vintage.... 2024 is the final vintage produced by Cordant Winery, and we view our remaining wines as a *Collector's Opportunity*. The wines are currently resting safely in the cellar, they are showing beautifully, and although we are retiring, all remaining cellar work reflects the focus and attention-to-detail you expect from our wines. We have inventory remaining of our previously-released 2022 and 2023 wines (with a few '23s held back), all with excellent scores from Wine Enthusiast, followed by the 2024s later this year.

A "Thank You" Pricing Event... Bring the Cordant wines you love home to your personal cellar. As our gift to you, our wines will be discounted with a 12+ bottle purchase, with mix-and-match allowed. To receive the discounts, simply add 12 bottles from our Purchase page into your shopping cart. The discounts will automatically be applied.

- **Vineyard Designates (\$35/bottle):** Our top-tier Pinot Noir and Rhone wines *

Friends, Corporate & Holiday Gifting: At these prices, Cordant wines make excellent gifts appreciated by all your favorite wine enthusiasts! We encourage you to consider purchases for holidays, or for personal or corporate gifts while quantities remain.

Following are some answers to a few questions that have been posed to us:

What about wine club? We encourage you to remain a member!

- Club members will receive **priority access** to our unreleased 2024 wines and any remaining library stock before they are opened to the general list. Our Fall 2024 shipment will feature these new releases at the same favorable pricing listed above.
- Wine club members will receive free shipping for the second case (and beyond) on any orders you place.

How long will the wines last at these prices? The wines are available on a first-come, first-serve basis. We expect them to sell quickly at these prices, so we encourage you to begin your purchases soon.

Can friends and family take advantage of these prices? Yes! These prices are offered to all, so we encourage you to share this email with friends and family.

Will you provide updates as you go through the transition? Yes! We don't want to be a burden to your email, but we'll provide an update approximately monthly about news, inventory status, and new wine offerings from the 2023 and 2024 vintages.

The tasting room and Ryker: Our tasting room remains open for normal hours—Thursday - Sunday 11am - 5pm—please come say hello! Ryker will remain with us through this transition while he continues his own exciting winemaking projects.

Thank you for being a part of the Cordant Winery story. We are deeply appreciative of your support over the last decade.

Cheers,
